HAWK

Live Your Life Actively

HAWK

Your Life. Your Choices.

THE HAWK

The hawk is a fast middle-sized bird of prey that rarely stays idle for longer periods of time. It is a big powerful bird with short, wide wings and a long tail. The hawk is often seen flying low above the ground and gliding high up in the air.

HAWK

HAWK is created for the ultimate unfoldment of your life's aspects. A compact, sturdy and unique wheelchair for active use with a solid frame, an impressive drivability and a vast number of customization options. It is adjustable to fit any wheelchair user's dreams and challenges.

HAWK IS CREATED FOR YOU

Your life. Your choices. Your needs

The HAWK is built to fit you, for the life you live, for your choice of accessories, your unique seating posture and your preferences. The HAWK is elegant and handy, which is capable of dealing with the challenges of every-day-life's challenges, indoors and outdoors. The HAWK adjusts intuitively - it is modifiable to fit your lifestyle.

Your HAWK is unique since you can customize it with the colors and components reflecting your choices. This wheelchair is easy to order and it has short delivery times - however the HAWK is anything but a standard item from the warehouse shelf helping you to overcome your mobility handicap. On contrary, it is your faithful companion throughout the unfoldment of your life.

- › CE-approved & TÜV-certified

ALL INFORMATION ABOUT THE HAWK ARE ALSO AVAILABLE ON
WOLTURNUS.COM

The best thing about my Wolturnus wheelchair is that I sometimes forget it exists.

A WHEELCHAIR THAT ALWAYS FITS

The HAWK is made for all active wheelchair users who need an adjustable wheelchair for daily use. The wheelchair is very precisely customized to fit your measures - actually, down to the last millimeter.

The HAWK has features such as: an adjustable balance point, modifiable seat height and depth, adjustable strap seat and adjustable strap back. Furthermore, it has an adjustable back angle and adaptable back height.

UNIQUE DESIGN

The HAWK has unique features, united in an elegant, practical and sturdy design that suit your specific needs.

» BOX FRAME

A closed box-frame made of 7020 aluminium unites optimal strength and stability with a modern and elegant design.

» DIBOND SIDEGUARDS

Detachable Dibond sideguards, which can be removed within seconds

» ADJUSTABLE FOOTPLATE

An ultralight and elegant footplate, with adjustable height and adjustable angle, as well as anti-slip coating.

» FOLDING BACK

A specially designed folding back, which locks when folded. This makes it easy to get the chair in and out of a vehicle. The folding back is adjustable by angle.

» ERGONOMIC SEAT

The rear part of the seat is flat and its front inclines. The seat stabilizes the pelvis towards an upright position and minimizes the risk of pressure ulcers.

» PUSH WHEEL LOCKS

As a standard, the HAWK is equipped with reliable push-wheel locks.

YOUR HAWK 100% YOUR CHOICES

Create your unique HAWK with components of your choice

These are only a few out of a huge amount of options you have, creating your individual wheelchair

Go to the last pages and read all about the standard configurations as well as additional accessories

» COLORED COMPONENTS

Choose between 7 different component colors to "spice up" your front forks, sideguard poles, back brackets and footrest tubes

» FIBER PLASTIC WHEEL LOCKS

Ultralight scissor wheel locks, for avoiding additional weight

» SPINERGY REAR WHEELS

Spinerigy wheels with spokes in your favorite color

» CURVE PUSHRIM

Special pushrims, with ergonomically optimized profile

» WING BACK ILSA

A specially designed, patent pending, multi-adjustable back rest system for individual modification of the sitting position

» ADJUSTABLE PUSH HANDLES

Heightadjustable push handles with rubber coating

» CARBON SIDEGUARDS WITH MUDGUARDS

Detachable Carbon sideguards with mudguards.

JUST IN TIME

The HAWK is easy to use - and easy to order. Although you create your HAWK based on your personal taste and needs, it can be delivered very fast.

5 easy steps to order your HAWK

- 1** Contact an approved Wolturnus partner
- 2** Get help in choosing your seat width and other important measures
- 3** Choose your favorite accessories
- 4** Fill in an order form together with your Wolturnus partner
- 5** Your specific HAWK is delivered in a matter of days through your Wolturnus partner

FOR A LIFE ON THE MOVE

The HAWK is easy to disassemble and transport in a car. The folding back locks when it is folded together. This makes it easy to get the wheelchair into a car while you grab the handle on the back.
